The machined black G-10 handle ensures a firm grip and superior control, even with gloves or in wet conditions. Its "Full Tang" construction gives it maximum robustness, ready to face the most intensive missions.

The form-fitting FlexTech Kydex holster is MOLLE compatible and allows for a custom fit for immediate access in any situation. Whether in military operations, survival missions or for advanced tactical use, the Overlord stands out for its reliability and power.

Technology :

- TDT: multiple heat treatment and thermal normalization outside oxygen and cryogenic finishing to harden the external austenitic steel. The guarantee of an ultra-regular molecular structure and

maximum hardness.

- MicraCoat surface treatment: Maximum anti-corrosion protection thanks to a thermal multi-layer application. Minimal thickness for exceptional protection.
- Dynamic Fluting Handle: a multi-axial sculpted structure that ensures both comfort of grip and perfect knife grip.
