All parts for repair and maintenance of AR10, AR15 and AR9

AR9 platforms, popular for their maneuverability and versatility, deserve accessories that match. This carbine buffer for 9mm caliber is designed to maximize the performance of your AR9, combining precision, stability and shooting comfort.

Technical characteristics

This carbine buffer is made of hardened steel, ensuring excellent wear resistance. With a precisely adjusted weight, it allows effective recoil management, reducing vibrations and improving the stability of the weapon. Thanks to its universal compatibility with AR9 systems, it installs quickly and easily.

Practical Benefits

- **Significantly reduced recoil** : Give yourself unmatched control and smoother shots.
- **Ruggedness** : Military grade materials for heavy use.
- **Versatility** : Ideal for all AR9 configurations in 9mm caliber.

Professional Applications

Whether you are a sports shooter looking for precision or a professional looking for reliability in operational conditions, this carbine buffer will meet your expectations. It extends the life of your AR9 while improving its overall performance.
