Improve the accuracy of your shots with the ERATAC AR10/15 trigger, combining robustness, reliability and optimal adjustment for unparalleled control.

The ERATAC AR10/15 trigger is designed to meet the needs of demanding shooters, whether professional or enthusiast. Robust and adjustable, it guarantees exceptional fluidity and increased precision, essential for optimizing your performance in real situations or at the shooting range.

Introduction

The ERATAC AR10/15 trigger is the ideal choice for shooters looking for the perfect combination of performance, reliability and customization. Specifically designed for AR10 and AR15 rifles, it offers an incomparable shooting experience thanks to premium materials and an ergonomically focused design.

Advanced Technical Features

Made of high-strength steel, this trigger guarantees extreme durability even under intensive use conditions. Its precise adjustment capability allows you to adjust the travel and weight of the trigger for a tailor-made experience, adapted to your specific needs.

Practical Benefits

With its simplified installation, the ERATAC trigger is easily integrated into your weapon. Its exceptional fluidity improves the accuracy of your shots, whether rapid shots or long-range precision. Ideal for sport shooting as well as tactical missions.

Professional Applications

Whether you are a sports shooter or a member of law enforcement, the ERATAC AR10/15 trigger will meet your requirements. It is particularly suited to situations requiring optimal responsiveness and unfailing reliability.

Choose between a curved or straight blade to suit your ergonomic preferences. Plus, trigger pull adjustment and trigger installation are made easy with just one tool included in the package.

Be aware of the status of your weapon thanks to the intelligent design of this trigger: securing is not possible when the weapon is knocked over, thus ensuring immediate recognition of its charge status.

For additional customization, opt for the optional 90°/45° locking axis. Compatible with a variety of popular AR systems, such as .22lfb, 9mm, 7.62mm, 5.56mm and more, this trigger adapts to your needs.

Supplied in a high quality, reusable Cordura bag, this ERATAC trigger offers you a quality addition to your arsenal. Compact dimensions of 60mm x 17mm x 70mm and a light weight of 75g, it guarantees optimal performance without compromising the handling of your weapon.
