- Handle adjustable to hand size.
- Adjustable cheek rest and butt plate.
- Picatinny rail: 4.
- Supplied with bipod: 17.5 - 24.5 cm.

### A rifle for long-distance precision

The **Schmeisser DMR RAL 8000** is the ideal choice for shooters seeking maximum precision at intermediate and long distances. Thanks to its 18-inch barrel, it guarantees a stable trajectory and unmatched accuracy. Its .223 REM caliber offers a perfect compromise between power and low recoil, ideal for precise shots.

### A distinctive tactical design

The **RAL 8000** finish, with its tactical sand tint, gives this rifle a unique style while offering increased resistance against the elements. Perfect for demanding operational environments, it combines aesthetics and

performance.

### **Advanced modularity with the M-LOK system**

The **M-LOK** rail, integrated into this rifle, allows for complete customization. Easily add tactical accessories such as bipods, lights or optics to adapt the weapon to any mission or shooting session.

### **High quality materials**

Made of aeronautical aluminum, the **DMR RAL 8000** is built to last. Its lightness and robustness make it a reliable weapon in the most demanding situations. Its adjustable stock and ergonomic controls guarantee optimal comfort, even during prolonged use.

### **Additional features:**

- **Advanced ergonomics:** Ambidextrous controls for intuitive handling.
- **Adjustable Gas System:** Allows for customization of firing cycles for a smooth experience.
- **Compatibility:** Works with standard AR15 magazines.
- **Simplified maintenance:** Quick disassembly for easy cleaning.

### **A weapon designed for the elite**

The **Schmeisser DMR RAL 8000** is much more than a rifle: it is a precision tool designed to meet the expectations of the most demanding shooters. Whether you are a professional in operation or a sports shooter looking for optimal performance, this rifle will meet your needs.
