- Weight: 300g

### An essential upgrade for your AR15

The **Schmeisser 12.5" Aluminum Handguard** is a must-have choice for shooters looking to optimize their AR15 rifle. Its 12.5-inch length provides ideal coverage for intermediate barrels while allowing easy installation of accessories thanks to its integrated M-LOK system.

### Strong and lightweight material

Made of **aircraft aluminum**, this handguard combines exceptional strength with reduced weight, improving the handling of your weapon without compromising its durability. The black anodized finish guarantees optimal protection against scratches, corrosion and wear.

### M-LOK System: Unlimited Customization

Thanks to the **M-LOK** system, this handguard allows you to easily add accessories such as grips, tactical lights, lasers or bipods. This modern system offers total modularity to adapt your weapon to any situation, whether it is sport or tactical shooting.

## Simplified installation and optimized ergonomics

The Schmeisser handguard is designed for quick and secure installation on all standard AR15 platforms. Its ergonomic surface ensures a comfortable grip, even during prolonged use, providing better control and increased accuracy.

### Additional features:

- **Versatility:** Compatible with a wide range of AR15 rifles and accessories.
- **Increased Stability:** Reduces vibration and provides rigid fixation for consistent performance.
- **Modern Design:** A tactical look that enhances the appearance of your rifle.

### The ideal partner for your tactical accessories

Whether you are a professional or a passionate amateur, the **Schmeisser 12.5" aluminum handguard** is designed to meet your expectations in terms of quality, modularity and aesthetics. It is the perfect accessory to improve your performance and get the most out of your AR15.
