- "Soft touch" stock
- Robust mechanical properties
- Quality direct relaxation
- Housing pre-drilled for optical mounting
- Non-slip granulated surface
- Hinged loader door for quick unloading
- Thread 1/2x20unf

Robust Design for Optimal Performance

The Howa 270 Winchester rifle features a 22-inch blued steel barrel, designed to ensure excellent heat dissipation and increased durability. Thanks to a 1:10 rifling pitch, it ensures perfect stabilization of projectiles, allowing you to hit distant targets with formidable precision.

Its precision-machined receiver provides smooth, secure locking, ensuring unmatched firing consistency. Paired with an adjustable Howa Actuator Controlled Trigger (HACT), this rifle provides optimum firing control with a clean, consistent release.

Ergonomics Designed for Shooter Comfort

The Hogue Overmolded stock is one of the highlights of this rifle. Made of reinforced polymer with a rubberized coating, it offers a firm and comfortable grip, significantly reducing recoil and vibration. Its non-slip texture ensures optimal hold even in adverse weather conditions.

With a 5-round capacity and a three-position safety, the Howa 270 Winchester offers the perfect balance between safety, handling and speed of action. Its internal magazine is designed to prevent misfeeds, ensuring smooth and reliable operation.

- High quality gunnery
- "Soft touch" stock
- Robust mechanical properties
- Direct quality relaxation
- Pre-drilled housing for optical mounting
- Non-slip granulated surface
- Hinged loader door for quick unloading
