A rifle with a tactical design for long-distance shooting.

The HOWA 1500 TSP-X rifle is specifically designed for long-range shooting and disciplines such as the Precision Rifle Series (PRS). It features a short action and a heavy 24-inch free-floating barrel, threaded in 5/8x24 UNEF, offering exceptional accuracy and tight groupings. The TSP-X chassis, made of 6061 T-6 aluminum, integrates an M-LOK mounting system and an adjustable cheek piece, allowing for optimal customization for each shooter. The pistol grip is compatible with AR-15 accessories, adding to the modularity of the weapon. Delivered with a 10-round AICS magazine and a Recknagel 20 MOA long base, this rifle is ready to be equipped according to your preferences. Its sleek design and robust construction make it an ideal choice for shooters looking for a reliable and high-performance weapon.
