### A complete and ready-to-use pack for the TLD and the PRS

This complete package is designed for demanding shooters who want a ready-to-use solution for long-range shooting and the Precision Rifle Series (PRS). It includes:

- **HOWA 1500 Rifle**
- **Rifle Scope**
  - *Nikko Stirling Diamond Long Range 6-24x50*
  - *Microdot 6-24x50 FFP*
- **KASTELBERG Heavy Bipod**
- **PVC carrying case**

The set is completed by an AUDERE muzzle brake to reduce recoil, a 10-round AICS magazine and a Recknagel 20 MOA long base to facilitate the mounting of your optics.

A bolt action rifle dedicated to long distance shooting. The quality of its action and barrel allows for incredible accuracy and excellent target groupings.

Its configuration makes it fully adapted to the new precision shooting discipline: the PRS (Precision Rifle Series)

The TSPX Chassis brings a tactical and refined design to the whole. Its aeronautical aluminum design brings both significant rigidity to the whole, for stable shots but also lightness for more dynamic shots.

Its stock length can be adjusted using a stock insert and the cheek rest is also adjustable, in order to adapt to each person's morphology as well as different shooting positions (lying down, sitting, on support)

Its heavy KASTELBERG bipod provides great stability when shooting regardless of the terrain.

- **Caliber** : .308 Winchester
- **Barrel length** : 61 cm (24 inches)
- **No scratch** : 1:10
- **Total length** : 112.5 cm

- **Weight** : 6,670 g
- **Magazine capacity** : 10 rounds
- **Chassis** : 6061 T-6 Aluminum with M-LOK System
- **Handle** : AR-15 compatible
- **Accessories included** : AUDERE muzzle brake, KASTELBERG bipod, PVC carrying case
