CRS0001	SCSA TSP-X HOWA 1500 stock; short action	Vente libre	Black	699.00 € incl. tax

Transform your rifle into a highly accurate shooting platform with the SCSA TSP-X stock, combining modular design and robustness.

The SCSA TSP-X stock is made of 6061 T-6 aluminum, ensuring a lightweight and durable structure. It is compatible with short-action bolt-action rifles, including the Howa 1500, Remington 700 and Tikka T3 models. Its design incorporates an M-LOK attachment system on the forearm, allowing for easy addition of accessories according to the shooter's needs. In addition, the stock is designed to accommodate AICS-type magazines, providing increased flexibility in terms of ammunition. The free-floating barrel ensures optimum accuracy by reducing interference with the stock.
