Tested steel balls.

The SDASS PRO FORCES STAGE 2 is tested at a pressure of 1630 BAR, surpassing the usual standards, guaranteeing optimum safety and reliability. It also complies with CIP standards for the use of steel balls.

Design and Ergonomics

The SDASS PRO FORCES STAGE 2 is designed to provide optimal ergonomics for professionals. Its Pro Forces stock with comb ensures a stable grip, while the Cerakote Carbon Grey barrel jacket protects against wear and harsh environmental conditions.

Technical Glossary

- **Cantilever** : Support fixed to the barrel allowing the installation of optics without affecting accuracy.
- **TRIBORE HP** : Specific bore technology improving ballistic performance and reducing recoil.

- **Choke INNER HP ACCURACY** : Internal device modulating the dispersion of projectiles for increased precision.

Comparison with other models

Compared to the SDASS PRO TELESCOPIC STAGE 2, the FORCES STAGE 2 model stands out for its fixed Pro Forces stock with comb, providing increased stability when shooting. In addition, its barrel with cantilever facilitates the installation of optics, thus increasing its versatility for various missions.

Precise, modern, classy, this rifle is aimed at both demanding shooters and “home defense” use.
