The FABARM STF/12 Pistol Grip Mil Spec Green is a pump-action shotgun designed for professional and enthusiast users looking for a reliable, ergonomic and tactical weapon.

The FABARM STF/12 Pistol Grip Mil Spec Green is a 12/76 gauge pump-action shotgun with a 24" barrel and a 4+1 round capacity. Its pistol grip and Mil Spec Green finish provide optimum handling and increased durability, suitable for the most demanding conditions.

Technical characteristics

- **Caliber** : 12/76 mm
- **Barrel length** : 61 cm
- **Capacity** : 4+1 shots
- **Weight** : 3.8 kg
- **Stock** : Fixed composite with pistol grip
- **Finish** : Mil Spec Green
- **Sights** : Detachable sight and front sight
- **Compatibility** : Ability to add a MIL-STD 1913 Picatinny rail for additional accessories

Technical Glossary

- **Mil Spec** : Short for "Military Specification," refers to military standards that ensure superior quality and durability.
- **Pistol grip** : Type of stock providing an ergonomic grip, improving control of the weapon.
- **MIL-STD 1913 Picatinny Rail** : Standardized mounting system allowing the addition of accessories such as optics, lamps or lasers.

Standards and Certifications

The FABARM STF/12 Pistol Grip Mil Spec Green is pressure tested to 1630 bar, surpassing the usual standards, ensuring optimum safety and reliability. It complies with CIP standards, ensuring its compatibility with a wide range of 12/76 caliber ammunition.

Comparison with other models

Compared to the standard STF/12 Pistol Grip model, the Mil Spec Green version stands out for its specific finish that meets military standards, offering increased resistance to harsh environmental conditions. In addition, its modular design allows for extensive customization, adapted to the specific needs of professionals.

Compatible Accessories

- **MIL-STD 1913 Picatinny Rail** : For adding optics or tactical accessories.
- **Tactical sling** : Facilitates the transport and handling of the weapon during operations.
- **Reinforced carrying case** : Provides optimal protection when transporting or storing the weapon.
- **Magazine Tube Extension** : Increases cartridge capacity for missions requiring additional firepower.
