Exceptional modularity with multiple barrel lengths and tactical accessories for perfect adaptation to specific missions.

The FABARM STF/12 Compact is a 12/76 gauge pump-action shotgun, available with 11" (28 cm), 14" (36 cm) and 18" (46 cm) barrels. Its modular design and its folding composite stock with Soft Touch finish offer optimal ergonomics. Equipped with Inner HP Accuracy chokes, an Ergal 55 frame and a Racing trigger, this shotgun is pressure tested to 1630 bars, guaranteeing exceptional robustness and precision.

Design and Ergonomics

The FABARM STF/12 Compact is designed to offer optimal handling thanks to its folding composite stock with Soft Touch finish, ensuring a comfortable and secure grip. The different barrel lengths available allow the weapon to be adapted to the specific needs of each mission.

Technical characteristics

- **Caliber** : 12/76 mm
- **Available barrel lengths** : 11" (28 cm), 14" (36 cm), 18" (46 cm)
- **Ability** :
 - 11" : 5+1 hits
 - 14" : 5+1 hits
 - 18" : 6+1 hits
- **Carcass** : Ergal 55 with anti-reflective finish
- **Stock** : Foldable composite with Soft Touch finish
- **Sights** : Detachable sight and front sight
- **Relaxation** : Racing
- **Choke** : Inner HP Accuracy
- **Test pressure** : 1630 bars
- **Included Accessories** : Muzzle brake, MIL-STD 1913 Picatinny rails on top and under the handguard

Chokes Inner HP Accuracy

Inner HP Accuracy chokes are designed to optimize shooting accuracy by modulating the dispersion of projectiles. They allow rapid adaptation to different tactical situations, ensuring

maximum efficiency during interventions.

Soft Touch Finish

The Soft Touch finish applied to the stock provides improved grip and increased comfort, even during prolonged use or in adverse weather conditions. This coating also ensures better resistance to scratches and wear.

Ergal 55 frame

The STF/12 Compact's frame is made of Ergal 55, an aluminum alloy known for its lightness and strength. This design ensures exceptional durability while reducing the overall weight of the weapon, making it easier to handle.

Detachable Diopter and Handlebar

The sights, consisting of a diopter and a front sight, are detachable to allow customization according to the user's preferences. This modularity offers the possibility of adding optics or other sighting devices according to operational needs.

Racing Relaxation

The Racing type trigger is designed to provide increased responsiveness and sensitivity, allowing for accurate and rapid shots. This feature is particularly appreciated during interventions requiring high responsiveness.

Test pressure of 1630 Bars

Tested at a pressure of 1630 bars, the STF/12 Compact exceeds usual standards, guaranteeing optimum safety and reliability even when using high-pressure ammunition.

Care and Maintenance

To ensure optimum longevity and performance, it is recommended that your rifle be cleaned regularly after each use. Proper maintenance includes cleaning the barrel, chokes and internal mechanisms, as well as applying a protective oil to metal surfaces.

Compatible Accessories

- **Optics** : Riflescopes, red dots
- **Tactical accessories** : Lamps, lasers
- **Shoulder straps** : Shoulder carrying systems
- **Magazine Extensions** : To increase cartridge capacity

The FABARM STF/12 Compact is a versatile and reliable weapon, suitable for professionals requiring optimal performance in a variety of situations. Its modular design and advanced technical features make it a preferred choice for law enforcement and tactical units.
