Design and technical characteristics

The Fabarm STF 12 Pistolgrip OD Green is designed to deliver optimum performance in tactical situations. Its 61 cm rifled barrel ensures increased accuracy, while the fixed stock with pistol grip guarantees superior ergonomics for optimum control during operations. The OD Green finish, compliant with military standards, ensures increased durability and resistance to harsh operational conditions.

Capacity and compatibility

With a 4+1 round capacity, this pump-action shotgun is suitable for missions requiring reliable firepower. Integrated MIL-STD 1913 Picatinny rails allow for the addition of accessories such as optics, tactical lights or additional grips, offering customization according to the specific needs of each operation.

Standards and certifications

The STF 12 Pistolgrip OD Green is manufactured to the strict standards of the military industry, ensuring superior quality and reliability. Its robust design and high-quality materials ensure longevity and consistent performance, even in the most demanding environments. Thanks to its 1630 Bar test, it is compatible with the firing of **High Performance steel ball cartridges**.

Maintenance and durability

The anti-reflective finish on the barrel and frame makes maintenance easy and protects against corrosion. Regular cleaning of the weapon and lubrication of moving parts are recommended to maintain optimum performance. Using suitable maintenance products will extend the life of the weapon and ensure its proper functioning.

Comparison with other models

Compared to other models in the STF 12 range, the Pistolgrip OD Green version stands out with its fixed stock with pistol grip, offering improved ergonomics for users who prefer a more traditional grip. Its OD Green finish gives it a tactical aesthetic while ensuring discretion in the field.

In summary, the Fabarm Professional STF 12 Pistolgrip OD Green is a versatile and reliable weapon, designed to meet the needs of professionals in the security and law enforcement sectors, offering a perfect combination of performance, ergonomics and durability.
