Caliber 12 Magnum.

The **Fabarm STF 12 Pistolgrip Tactical** is a **12/76 mm caliber pump-action shotgun**, offering great versatility for various professional applications. Its 61 cm barrel features a **Tribore HP** bore, ensuring optimum accuracy during interventions. The barrel's anti-reflective black finish reduces the risk of detection in an operational environment.

Chokes Inner HP Accuracy.

The rifle is equipped with an **INNER HP ACCURACY choke**, allowing for quick adaptation according to tactical needs. The total capacity is 4+1 shots, providing adequate firepower for critical situations. The fixed stock with pistol grip ensures a firm and comfortable grip, even during prolonged handling.

Mil-Spec Standards.

The integrated **MIL-STD 1913 Picatinny rail** facilitates the mounting of accessories such as optics, tactical lamps or laser pointers, thus increasing the modularity of the weapon. The sights, composed of a detachable diopter and front sight, allow rapid target acquisition and high precision. The "RACING" trigger system offers increased responsiveness for fast and accurate shots. The rifle is delivered with a cardboard case for safe transport.

Steel ball test.

Thanks to its 1630 Bar test, the **Fabarm STF12 Pistolgrip Tactical shotgun** is compatible with High Performance steel ball cartridges.
