FA1996	Pack STF12	BD995	C	cal. 12	76 mm	5	61	117	4485

A complete ready-to-use package, designed to meet the requirements of intervention forces.

This pack includes the Fabarm STF 12 shotgun with a 61 cm rifled barrel and a 4+1 round capacity. It is equipped with a Nikko Stirling Flash 1x30 red dot for rapid target acquisition, an extendable and detachable single-point sling for easy carrying, and a side support for 4 cartridges, ensuring optimal responsiveness in tactical situations.

Pack contents

- **Fabarm STF 12 shotgun** : 12/76 mm caliber, 61 cm rifled barrel with tactical muzzle brake, 320 mm fixed composite stock, 4+1 shot capacity.
- **Nikko Stirling Flash 1x30 Red Dot** : Tubular sighting device with raised Picatinny rail mount, providing fast and accurate target acquisition.
- **Fabarm extendable and detachable single-point strap** : Ensures comfortable wearing and easy handling of the weapon during interventions.
- **Side support for 4 cartridges** : Allows for quick and efficient reloading, essential in emergency situations.

Technical characteristics of the rifle

- **Caliber** : 12/76 mm (12-3")
- **Barrel length** : 61 cm
- **Barrel Bore** : Rifled
- **Barrel Finish** : Anti-Reflective Black

- **Choke** : INNER HP ACCURACY
- **Total capacity** : 4+1 shots
- **Stock** : Fixed 320mm composite stock
- **Sights** : Detachable sight and front sight
- **Test pressure** : 1630 bar
- **Weight of complete pack** : 4485 g (rifle only: 3950 g)

Pack Benefits

- **Ready to use** : All essential accessories are included, allowing immediate use in operational conditions.
- **Optimized ergonomics** : The fixed stock with HRA shock absorber ensures a comfortable grip and reduced recoil, improving the accuracy of successive shots.
- **Modularity** : The integrated MIL-STD 1913 Picatinny rail makes it easy to add additional accessories according to the specific needs of each mission.

Care instructions

To ensure the longevity and proper functioning of your equipment:

- **Regular cleaning** : After each use, disassemble the rifle according to the manufacturer's instructions and clean the residue with suitable products.
- **Lubrication** : Apply a specific gun oil to moving parts to prevent wear and corrosion.
- **Storage** : Store the weapon in a dry place, away from humidity, and use the case provided for safe transport.

Comparison with other models

Compared to other variants of the STF 12 range, this pack stands out for its set of included accessories, offering a complete solution for professionals. While the "Compact" model prioritizes maneuverability with a folding stock, the "Pistolgrip Tactical" offers a pistol grip for a different ergonomics. The "STF 12 Equipped" pack combines a fixed stock for increased stability with essential tactical accessories, thus meeting the needs of interventions requiring both precision and reactivity.

By choosing the equipped Fabarm Professional STF 12 pack, professionals can be sure of having reliable, high-performance equipment that is adapted to the requirements of the field.
