Increase the capacity of your Steyr AUG with this 42-round high-capacity magazine.

This genuine Steyr magazine is specifically designed for the AUG rifle, offering a capacity of 42 rounds in .223 Remington (5.56x45 mm) caliber. Made of sturdy translucent polymer, it allows for a quick check of the number of rounds remaining. Its design ensures smooth and reliable feeding, even during intensive use. Originally intended for the HBAR LSW model, it is fully compatible with standard Steyr AUG rifles.

Benefits of Translucent Polymer

The translucent polymer provides high resistance to impact and wear, while allowing for quick visualization of ammunition levels. This feature is particularly advantageous for shooters wishing to efficiently manage their cartridge supply.

Extended Compatibility

Although originally designed for the HBAR LSW model, this magazine is fully compatible with standard versions of the Steyr AUG, providing increased flexibility for users with different models of this iconic weapon.

Comparison with the 30-Round Magazine

Compared to the standard 30-round magazine, this 42-round model offers significant additional capacity, reducing the need for frequent reloading and thus increasing efficiency during extended shooting sessions.

Maintenance Tips

To ensure optimal longevity of your charger:

- **Regular Cleaning** : After each use, disassemble the charger and clean it with a dry cloth to remove residue.
- **Lubrication** : Apply a thin layer of gun-specific lubricant to moving parts to ensure smooth cartridge feeding.

- **Proper Storage** : Store the charger in a dry environment, away from moisture and extreme temperatures, to prevent material deterioration.

In conclusion, the Steyr AUG 42-round magazine in .223 Remington caliber is an essential accessory for professionals and shooting enthusiasts wishing to optimize the performance and autonomy of their AUG rifle.
