Attenuation of 38 dB!

These soft and comfortable disposable earplugs are suitable for single use only. Comes in blister packs of 10 pairs for convenient use.

Recommended Applications: These earplugs are ideal for noisy industrial environments, construction sites, manufacturing facilities, as well as for use at concerts or sporting events. They are also suitable for activities requiring increased concentration in noisy environments.

Precautions for use: Before use, read the instructions carefully and keep them. Never use the product outside its intended use. Check that the product is in good condition before each use and do not use a used or damaged product. If in doubt, contact Singer Safety® customer service.

Product plus: Exceptional hearing protection with 38 dB attenuation, combined with optimal comfort thanks to the soft polyurethane material.
