Rugged and reliable pump-action shotgun for law enforcement.

This 12/76 gauge pump-action shotgun features a 14-inch (36 cm) barrel with an 18.40 mm cylindrical bore, ideal for operations in confined environments. Its Cerakote Burnt Bronze finish ensures increased resistance to harsh conditions, while the 320 mm long composite Pro Forces stock guarantees a firm and comfortable grip. With a 5+1 shot capacity and a weight of 2.92 kg, it perfectly meets the requirements of tactical missions.

A compact and high-performance shotgun

The Fabarm Martial Cantilever 14" is designed to offer optimal maneuverability while maintaining formidable effectiveness in a tactical environment. Its short 14-inch barrel ensures great responsiveness, particularly suited to close-quarters interventions and confined spaces.

A cantilever rail for improved accuracy

The integration of a Picatinny cantilever rail on the housing allows for quick and secure mounting of red dot optics or compact scopes. This device significantly improves target acquisition and tracking, ideal for intervention units and professional shooters.

A fiber optic front sight for fast aiming

The Fabarm Martial Cantilever 14" is equipped with a high-visibility fiber optic front sight, facilitating rapid target acquisition even in low-light conditions. This device is particularly suitable for dynamic interventions where rapid aiming is essential.

Robust construction and high-end finish

Made in Italy, this shotgun features a Burnt Bronze finish that withstands extreme conditions, providing both a distinctive look and increased protection against wear and corrosion. Its ergonomic synthetic stock ensures a firm and comfortable grip, even under stress.

Why choose the Fabarm Martial Cantilever 14"?

- **Proven reliability** : Robust and efficient pump system
- **Increased precision** : Cantilever rail allowing the addition of optics
- **Compact and handy** : Ideal for interventions in confined spaces
- **Steel Shot Tested** : Compatible with a wide range of ammunition
