- Enlarged slide catch and magazine release button
- Gripping grooves on the front and rear of the slide
- Magazine well with Magwell for easy insertion of magazines
- Non-slip textured grip
- Simple Action
- Fiber optic rear sight and front sight
- Comes in a case with two 17-shot magazines, a can of Flunatec degreaser and a can of Flunatec lubricant.

The **Tisas 2011 Carry Bull Barrel Full Frame** is a compact, high-end version designed for shooters seeking both maneuverability and accuracy. Its elongated frame and 4.25" bull barrel give it excellent balance for dynamic sport shooting.

#### Ergonomics and comfort

The full-frame receiver with a Picatinny rail allows for the mounting of accessories such as a flashlight or laser. The non-slip textured grip and magazine well with magwell ensure a firm grip and fast reloads. The 2011 (or 2K11) models use Double Stack magazines: Cartridges are distributed across two columns to increase the round capacity.

### **Bull Barrel Canon**

The 4.25" chrome-plated forged steel **bull barrel** provides increased rigidity and eliminates the need for bushings. This design improves accuracy, limits vibration, and ensures consistent shooting, which is appreciated by competitors.

### **Optic Ready compatibility**

The **optic-ready** configuration allows for easy mounting of an RMR-type micro-red dot sight, providing more intuitive and rapid aiming. The fiber optic mechanical components complete this versatility.

### **Expanded controls and security**

The enlarged magazine release button and slide catch provide smooth operation. The ambidextrous safety lever and extended beavertail enhance comfort and safety during every shooting session.

### **Accessories included**

Each weapon comes in a case with two 17-round chrome-plated magazines, as well as a Flunatec maintenance kit (degreaser and lubricant) to ensure its longevity and reliability.

- **Sight:** front fiber optic / black notched rear sight
- **removable trigger:** interchangeable profiles
- **gripping ridges:** front and back
- **trigger guard:** textured straight
- **beaver tail:** elongated
- **chargers:** double battery chrome finish
