Clean cut and controlled shot for the shooting range.

Wad Cutter precision bullet cartridge in .38 Special, ideal for short-range targeting.

- Caliber: .38 Special WC
- Ball type: Wad Cutter (WC)
- Weight: 9.6 g / 146 grains
- Initial velocity: 265 m/s
- Initial energy: 337 joules
- Packaging: box of 50 cartridges

Specialized ammunition for paper targets

Optimized for sport shooters, this **.38 Special Wad Cutter** cartridge is specifically designed for short-range target shooting disciplines. Its **cylindrical profile** cuts paper cleanly, improving hit readability and making scorekeeping easier.

Balanced performance

With a **muzzle velocity of 265 m/s** and an **energy of 337 J**, this ammunition offers a **moderate thrust**, ideal for **stable and comfortable shooting**, even in prolonged sessions. Its stability is maintained up to 50 meters, with a residual velocity of 230 m/s and an energy of 233 J.

Preferred choice for competitors

The Wad Cutter bullet is renowned for its **linear behavior** and accuracy at short ranges, particularly with competition revolvers. The impact is clean, the trajectory predictable, and the effect on the target perfectly controlled.

Additional technical specifications
