A sound moderator for AR15 with QD mount

The **GOMANDER TACTINOX 5.56 L QD LOCK** is a quick-mount **sound moderator** for **AR15** platforms, designed to reduce noise, recoil and gas blowback while preserving weapon reliability.

- **Maximum caliber:** .22
- **Noise reduction:** 26 to 32 dB depending on ammunition
- **Design:** Monolithic single-core
- **Mounting system:** Proprietary QD LOCK
- **Thread:** M26x1.5
- **Material:** AISI 304/314 stainless steel
- **Finish:** CERAKOTE Black or FDE

QD LOCK system: speed and security

The **TACTINOX 5.56 L QD LOCK** features a simple and reliable quick-release system. It screws onto a **GOMANDER muzzle brake** (not included) and then locks using an ergonomic lever, easily operated with gloves or in wet conditions.

Gas management and firing comfort

Thanks to its outlet vents and internal design, this **sound moderator** redirects gases forward. This design effectively limits **gas blowback to the shooter's face** and reduces internal pressure, significantly improving comfort during extended shooting sessions.

Reduced recoil and increased stability

Controlled pressure management also contributes to a **significant reduction in recoil** . The weapon remains more stable between shots, which facilitates rapid follow-up and helps preserve the internal mechanics of the AR-15.

Consistent acoustic performance

Depending on the ammunition used, the **TACTINOX 5.56 L** provides a sound reduction of between **26 and 32 dB** . This performance is achieved without compromising reliability or group consistency.

Monolithic stainless steel construction

Machined from **AISI 304 and 314 stainless steel** , the **TACTINOX** is designed to withstand high rates of fire. Its **monolithic, single-core** design guarantees perfect gas tightness and prevents any risk of cracking or splitting.

GOMANDER Compatibility and Modularity

Its unique **M26x1.5** thread makes it compatible with all **GOMANDER muzzle brakes** . This allows the same suppressor to be used on several firearms **up to .22** caliber, simply by changing the muzzle brake.

CERAKOTE finish and accessories included

Available in **Black** or **FDE** , the **TACTINOX 5.56 L QD LOCK** features a **CERAKOTE** coating for protection and durability. It comes in a **cardboard box** with a **nylon cover** for transport and storage.

FAQ

Is this moderator compatible with all AR15 platforms?

The **TACTINOX 5.56 L QD LOCK** is compatible with AR15 platforms in .22 caliber maximum, provided they are equipped with a **GOMANDER muzzle brake** with M26x1.5 thread.

Is the muzzle brake included with the silencer?

No, the **GOMANDER muzzle brake** required for QD LOCK mounting is not included and must be ordered separately.

What maintenance is required for the TACTINOX 5.56 L?

Regular maintenance is sufficient. The monolithic stainless steel design of the **TACTINOX** makes cleaning easy and ensures excellent durability.
