A titanium sound moderator with QD attachment weighing only 280g

- **Maximum caliber:** .223 / 5.56
- **Weight:** 280 g
- **Noise reduction:** 26 to 32 dB depending on ammunition
- **Design:** Monolithic single-core
- **Mounting system:** Proprietary QD LOCK
- **Material:** Grade 5 titanium
- **Thread:** M26x1.5

The choice of titanium: lightness and thermal resistance

Weighing in at just **280g** , the **TITAN X 5.56 L** immediately stands out. The use of **grade 5 titanium** allows for a considerable weight reduction while offering excellent heat resistance, even during sustained firing rates.

Perfect balance on AR15 platforms

Its light weight minimizes the muzzle slack. In practice, the weapon remains responsive, well-balanced, and pleasant to handle, regardless of barrel length. It's exactly the kind of suppressor you forget you're wearing once it's on... while immediately enjoying its benefits.

Simple, fast and secure QD LOCK system

Like all **GOMANDER QD LOCK** models, the **TITAN X** screws onto a **GOMANDER muzzle brake** (not included) and then locks using an accessible and intuitive lever. Operation remains smooth, even with gloves or wet hands.

Gas management and firing comfort

Thanks to its outlet vents and internal design, the **TITAN X moderator** redirects gases forward. This design reduces internal pressure, **minimizes gas blowback to the shooter's face** , and contributes to a **significant reduction in recoil** , while preserving the internal mechanics of the AR15.

Uncompromising acoustic performance

Despite its light weight, the **TITAN X 5.56 L** maintains excellent acoustic efficiency. Depending on the ammunition used, sound attenuation ranges from **26 to 32 dB** , ensuring genuine listening comfort without sacrificing reliability.

Monolithic design and durability

Its **monolithic, single-core** structure guarantees a perfect gas seal and eliminates the risk of cracking or splitting. The **TITAN X** is designed to last, even under heavy use.

Finish and accessories included

The **GOMANDER TITAN X** features a **CERAKOTE** coating for protection and wear resistance. It comes in a **cardboard box** with a **nylon cover** for transport and storage.

FAQ

Is this silencer compatible with all AR15 platforms?

The **TITAN X 5.56 L QD LOCK** is compatible with AR15 platforms chambered in **.223 / 5.56** , equipped with a **GOMANDER muzzle brake** with M26x1.5 thread.

Is the muzzle brake included?

No, the **GOMANDER muzzle brake** required for QD LOCK mounting is not supplied and must be ordered separately.

What is the main advantage of titanium over steel?

Grade 5 titanium offers an excellent compromise between lightness, mechanical strength and heat resistance, allowing for a significant reduction in weight without sacrificing durability.
