The **Revolution HD** is much more than just a weapon stand: it's a complete, mobile workstation. Its **180° lockable rotation** system allows access to every part of the weapon without having to reposition it, saving you time and improving handling comfort.

Sturdy solid metal construction

The frame is made of **rigid aluminum** , combined with **stainless steel rods** for lasting strength. The entire assembly weighs 7.5 kg, ensuring perfect **stability** on the workbench, even during heavy use.

Gradual locking rotation

The rotation system can be locked **every 6.5°** , offering **precise angular adjustment** as needed. A real advantage for delicate operations such as **mounting lenses** or cleaning the mechanism.

Adjustable and soft clamps for the weapon

The clamps are adjustable in **width from 3 to 17 inches** and in **height by 2 inches** , to fit all types of long guns. The padded lining ensures a **secure, scratch-free grip** .

Integrated AR mount: enhanced stability

The included **magazine well support** is designed for **AR-15/M4 rifles** . It inserts into the well and locks securely, preventing any unwanted movement during intensive handling or cleaning.

Comfortable and safe work

The **adjustable feet** ensure stable support even on uneven surfaces. It's the ideal tool for a gunsmith's workshop, a shooting range, or a demanding home user.
