WTC100	17-round magazine, 2011 stainless steel	B	9 x 19	17	Stainless	129.00 € incl. tax

Extended capacity and reliability for your 2011 platform in 9x19 mm.

This 17-round stainless steel magazine is designed for **9x19mm** caliber **2011** type rifles, in a **126mm** format. An essential for dynamic shooting or tactical reloading.

- **Compatibility:** 2011 platform
- **Caliber:** 9x19 mm
- **Capacity:** 17 cartridges
- **Length:** 126 mm
- **Material:** Stainless steel

Whether you are a sport shooter or a professional looking for reliability, this 17-shot magazine is built for performance.

2011 compatibility and 126 mm format

Designed for **2011** platforms, this magazine is **126 mm** in format, a standard often used in disciplines such as **IPSC** or **TSV** . It fits perfectly into standard magazine wells without modification.

17-round capacity in 9x19

Ideal for shooters looking to maximize their ammunition capacity without excessively lengthening their weapon. This **17-round** capacity reduces reloading, both in matches and during training.

Stainless steel construction

The magazine body is made of **stainless steel** , ensuring excellent resistance to wear, repeated friction, and corrosion. A wise choice for use in a variety of conditions, including humid or dusty environments.

Reliability and smooth power supply

Every detail has been designed to provide **consistent** and **smooth** feeding. Whether you're using factory or reloaded ammunition, the internal spring and magazine lips ensure flawless operation.

FAQ

- **Is this charger compatible with all 2011 weapons?**
  Yes, as long as the platform is to the 2011 standard in 9x19 mm with a 126 mm compatible well.
- **Is it usable in IPSC competitions?**
  Yes, its capacity and format make it perfectly suited for this type of use.
- **What type of maintenance is recommended?**
  Regular cleaning of the body and spring is sufficient, especially after a session in the shooting range or outdoors.
