Quick-mount compensator on A2 flash hider

The STRIKE INDUSTRIES Anti Blast Compensator offers quick, simple and secure mounting and dismounting on A2 Birdcage flash suppressors, which equip a large majority of AR15s and AR9s on the market.

In addition to eliminating flash due to firing, it significantly reduces muzzle rise and weapon recoil.

Its advanced design will only improve the aesthetics of the weapon.

It will be perfectly suited to AR15s and AR10s with a short barrel, which tend to generate a larger flash and blast, but also for shooting in closed environments and "Indoor" shooting ranges.
