| GE05483 | Geissele SSP AR-15-AR10 Trigger Détente | A | 469.00 € incl. tax |

## Single-stage clean start for maximum accuracy without approach run.

The **Geissele SSP Flat Bow** is a high-precision single-stage trigger, ideal for demanding shooters looking for responsiveness and consistency.

- **Type:** Single-stage
- **Starting weight:** 3.0 to 3.75 lbs
- **Trigger tail:** Flat (flat bow)
- **Use:** Precision shooting, hunting, advanced recreational shooting
- **Compatibility:** AR-15 / AR-10 - Mil-Spec axes
- **Material:** EDM machined S7 steel
- **Finish:** Anti-corrosion black oxide

### Pure and responsive single-stage relaxation

The **Geissele SSP** (Single-Stage Precision) is distinguished by its **direct trigger pull** , with no initial run-up. Ideal for shooters seeking a **clean break** and **consistent trigger grip** , it excels in long-range shooting or during rapid follow-up shots on target.

### Robust construction and technical materials

Machined from **S7 steel** , renowned for its resistance to impact and deformation, this trigger benefits from **EDM (electrical discharge machining** ) for maximum precision. Its **black oxide finish** provides lasting protection against corrosion and wear.

### Versatile and easy to install

Compatible with standard **AR-15** and **AR-10** rifles ( **Mil-Spec** axles), the SSP mounts easily without adjustment. Its **calibrated trigger pull weight** (between 3 and 3.75 lbs) ensures an ideal balance between safety and performance for precision shooting, hunting, or intensive training.

### FAQ

**Is the SSP trigger suitable for long-range precision shooting?**

Yes, the Geissele SSP was designed to deliver a clean break without travel, ideal for long-range or precision shooting.

**Is it an adjustable trigger?**

No, this trigger pull is not adjustable. It is factory preset for a trigger pull weight between 3 and 3.75 lbs.

**Can I mount the SSP on an AR10 platform?**

Yes, this trigger is compatible with AR15 and AR10 platforms using Mil-Spec pins.
