- Pistol grip interchangeable with a MILSPEC model.
- Ambidextrous fire selector
- Quick and tool-free disassembly with 4 pins.

In this Duo Tone version, KRISS returns to the origins that made the VECTOR a success and a household name.

Inspired by the first generation SMG in automatic version, this Dual tone version offers a weapon for die-hard fans.

The Vector generation 3 brings numerous modifications aimed at improving the comfort, handling and ergonomics of the weapon.

Its recoil management system has been optimized, and the trigger has been revised. The Vector Gen 3 now features a "skeleton" style stock reminiscent of the very first generation.

It offers greater customization options thanks to its interchangeable pistol grip and M-LOK handguard.

The Vector is an iconic platform in the arms industry, utilizing innovative and high-performance recoil management technology.

Equipped with a bolt featuring delayed opening, its recoil movement is downwards to counteract muzzle rise. The KRISS Vector thus provides maximum stability and reduced recoil, even at high rates of fire.

Its sleek and unusual design makes it a legendary and essential weapon, offering an alternative to the usual platforms found on shooting ranges.

Significant compactness, for high responsiveness when firing.
