- 5-shot "dual battery" removable magazine
- Top Picatinny Rail
- QD strap attachment on the back of the handle
- Receiver compatible with AR15 stock tube.
- CERAKOTE coating
- Optionally compatible with 10, 15 and 20 round magazines.

The MOSSBERG 590M range offers innovative pump-action shotguns with removable magazines. This feature gives the weapon versatility by allowing it to carry different types of ammunition depending on the conditions of use.

The 590M is designed to be robust and reliable, thanks to its widely proven pump-action rewind system.

This system offers the dual advantage of being able to accept a wide range of ammunition, including those with low charges.

In this Breacher version, the 590M offers maximum compactness with a total length of only 54cm and a low weight of 2.25kg.

MOSSBERG thus offers a secondary weapon system, dedicated to burglary, offering the smallest footprint, with a simple, reliable and durable mechanism.
