KIMZ063	Guide Rod & Cap 1911 Full-Size Kimber	BF769	B	-

Full-Size spring guide assembly for 1911 Kimber.

The **Kimber 1911 Full-Size Guide Rod & Plug kit** is designed as a direct replacement for models equipped with a **long guide rod**. Compatible with **Kimber Full-Size** and most standard 1911s, it allows you to modernize or upgrade an existing setup.

- **Compatibility** : Kimber Full-Size and most 1911
- **Configuration** : Long rod guide + plug
- **Type** : Direct replacement
- **Function** : Guiding the recoil spring
- **Application** : Original upgrade or replacement

Designed for 1911 Full-Size trucks equipped with a long guide rod, this Kimber kit allows for a direct replacement without structural modifications. It is intended for users wishing to maintain a configuration compliant with Full-Size standards.

Extended Compatibility 1911 Full-Size

Designed for Kimber Full-Size skis, this set is also compatible with most standard-sized 1911 skis equipped with a long guide bar. Prior verification of measurements is still recommended.

Smooth operation and precise guidance

The guide rod ensures constant alignment of the recoil spring during the cycle. In use, this contributes to smooth kinematics and a consistent operating feel.

Ideal solution for upgrading

Whether for maintenance or to upgrade an older model, this kit offers a simple and consistent solution. Careful installation ensures that original mechanical performance is maintained.

FAQ

Is this kit compatible with the Compact or Pro models?

No, it's designed for 1911 Full-Size models equipped with a long guide rod. The Compact and Pro versions use specific configurations.

Is this a direct replacement?

Yes, it directly replaces an existing long guide assembly on compatible models.

Is a gunsmith required for the installation?

Replacing the recovery system must be done carefully. If in doubt, it is advisable to consult a qualified professional.
