KIMZ058	Guide Rod 1911 Kimber Full-Size 5"	BF769	B	46.00 € incl. tax

5" full length guide rod for 1911 Full-Size.

The **Kimber 1911 Full-Size 5" guide rod** is designed for Government models with a 5-inch barrel. In its **full-length** version, it contributes to consistent recoil spring management and smooth action.

- **Brand** : Kimber
- **Compatibility** : 1911 Full-Size 5" (Kimber and compatible models)
- **Type** : Full length guide rod
- **Length** : 5"
- **Installation** : Use with Kimber plug ref. 1000301A
- **Application** : Replacement or full-length conversion

Designed for 1911 Full-Size rifles with a 5-inch barrel, this full-length Kimber guide rod provides a solution that meets the manufacturer's specifications. It contributes to smooth and controlled cycling.

Full-length configuration

The full-length guide rod accompanies the recoil spring throughout its entire stroke. This design promotes consistent guidance and contributes to smooth kinematics during repeated cycles.

1911 Government 5" Compatibility

This model is designed for the 1911 Full-Size 5". It is compatible with Kimber models as well as with most platforms that comply with standard Government dimensions.

Use with a dedicated plug

The guide rod must be used in conjunction with the Kimber spring retrieval plug, part number 1000301A, to ensure proper and secure installation.

FAQ

Is this guide rod compatible with the Ultra or Pro models?

No, this model is for the 1911 Full-Size 5". The Ultra and Pro versions use specific configurations.

Do I need to use a specific plug?

Yes, it is recommended to use the Kimber plug reference 1000301A to ensure optimal compatibility.

Does the assembly require a professional?

A check of the dimensions and proper assembly are recommended. It is advisable to have the installation checked by a qualified gunsmith.
