A faithful reproduction of the M16A1

The **Bavarian Tactical M16A1 Vietnam** accurately reproduces the aesthetics and ergonomics of the famous military rifle from the 1960s-1970s. Its **20-inch Pencil barrel** , **fixed carry handle** , and **triangular handguard** make it a particularly popular platform for historical firearms enthusiasts and competitors in **Service Rifle Shooting (TAR)** .

Quality American components

This version is equipped with an **American-made barrel** and **bolt group** , two essential elements contributing to the regularity of operation and the accuracy of the weapon during **sport shooting** sessions.

Ergonomics faithful to the original model

The **triangular drop-in handguard** , **fixed A2 stock** , and **fixed carrying handle** offer a natural grip while respecting the spirit of the historical model. This configuration will appeal to enthusiasts of authentic replicas as well as shooters looking for a platform dedicated to target shooting.

Ready for the stand

Supplied with a **10-round metal magazine in a 30-round format** , this rifle complies with French regulations while retaining the characteristic appearance of the M16A1. Its low weight of **3.18 kg** contributes to excellent balance for target shooting.

FAQ

Is this rifle suitable for Target Shooting with Regulation Weapons (TAR)?

Yes. This reproduction of the M16A1 was designed to meet the expectations of TAR practitioners thanks to its configuration faithful to the historical model.

What is the caliber of this rifle?

It is chambered in .223 Remington and must be used exclusively with ammunition suitable for this caliber.

Which charger is included?

The rifle comes with a 10-round metal magazine that retains the external dimensions of a 30-round magazine.
