A complete range to adapt your Picatinny mount.

DLG Tactical Rails M-LOK polymer allow you to add **Picatinny** interfaces to your handguards, with several lengths to suit your needs.

- **Compatibility:** M-LOK system
- **Standard:** MIL-STD 1913 Picatinny
- **Versions:** 3, 5, 7 and 9 slots
- **Material:** Reinforced polymer
- **Weight:** from 5 g to 13 g
- **Length:** from 39.50 mm to 99.90 mm

A complete range for all configurations

With this series of **M-LOK** rails, **DLG Tactical** offers a modular solution that adapts to all needs. From the compact **3-slot** model to the more extensive **9-slot** version, each version caters to a specific use. In practice, this allows for precise equipment configuration without adding unnecessary weight.

Picatinny MIL-STD 1913 compatibility

All models conform to the **MIL-STD 1913** standard, guaranteeing compatibility with most **Picatinny** accessories: lights, grips, lasers, and bipods. The interface ensures a stable and reliable mount, even with regular use.

Reinforced polymer: lightweight and durable

Made from **reinforced composite polymer** , these rails offer an excellent balance between **strength** and **weight** . Depending on the version, the weight varies from 5 to 13 grams, allowing for a well-balanced setup. This lightness is particularly appreciated during extended use.

Choose the appropriate length

Each format corresponds to a specific need:

- **3 slots:** ideal for compact accessories and minimalist setups
- **5 slots:** versatility for everyday use
- **7 slots:** more positioning freedom
- **9 slots:** maximum surface area for multiple accessories

Table of dimensions and weights

Reference	Slots	Length	Width	Height	Weight
DLG109	3	39.50 mm	21.20 mm	9.80 mm	5 g
DLG110	5	59.90 mm	21.20 mm	9.80 mm	8 g
DLG111	7	79.90 mm	21.05 mm	9.85 mm	10 g
DLG112	9	99.90 mm	21.10 mm	9.80 mm	13 g

Quick and easy installation

Compatible with all **M-LOK** handguards, these rails are easy to install. Once in place, they provide a solid base for adding or repositioning your accessories as needed.

- **References:** DLG-109, DLG-110, DLG-111
- **Mounting:** Standard M-LOK
- **Accessory compatibility:** Picatinny 1913

FAQ

What size rail should I choose?

The choice depends on your accessories: 3 slots for compact mounting, 5 or 7 slots for more versatility, and 9 slots for maximum surface area.

Are these rails compatible with all M-LOK systems?

Yes, they are designed to be compatible with all standard M-LOK handguards on the market.

Is the polymer reliable for regular use?

Yes, the reinforced polymer offers excellent strength while allowing the weight of the equipment to be limited.
