Reliability and precision optimized for sport shooting with a smoothbore shotgun.

The **GECO Slug Coated Competition Red 28** is a **12 gauge cartridge** designed for **sport shooting** , offering smooth semi-automatic operation and excellent consistency.

- **Caliber: 12/67.5**
- **Ball type:** Slug
- **Ball weight:** 28 g
- **Recommended barrel length:** 700 mm
- **Compatibility:** Semi-automatic rifles
- **Case:** Short for high-capacity tubular magazines
- **Lead:** Yes
- **Recoil:** Medium
- **Socket material:** Plastic
- **Packaging:** Box of 25

Optimized for dynamic sport shooting

Whether on the shooting range or during intensive training, **GECO Slug Coated Competition Red 28** stands out for its consistency. Precise powder metering ensures **reliable operation** in semi-automatic rifles, minimizing misfires and guaranteeing a consistent rate of fire.

Short case for increased capacity

Its **shorter plastic** case is a real advantage: it allows for increased capacity in **tubular magazines** . In practice, this translates to fewer reloads and smoother firing sequences.

Controlled shooting behavior

With **moderate recoil** , this ammunition offers a good compromise between comfort and performance. The 28g slug projectile ensures a stable trajectory and good accuracy at intermediate ranges, ideal for **12-gauge sporting** disciplines.

Reliable and consistent design

Each cartridge incorporates a plastic base at the rear, ensuring a tight gas seal. The result: consistent combustion and reliable performance, shot after shot - a crucial feature for demanding shooters.

- **Color:** Red (for quick identification)
- **Use:** Target shooting, training
- **Weapon type:** Semi-automatic or manual smoothbore shotgun
- **Reference:** 2410247

FAQ

Is this ammunition suitable for semi-automatic rifles?

Yes, it is specifically designed to ensure smooth and reliable operation in semi-automatic rifles.

Why a short case?

The short case allows for increased capacity of tubular magazines, thus reducing the frequency of reloading.

What type of use is this slug intended for?

It is designed for sport shooting and training, with a good balance between accuracy and shooting comfort.
