Integrated QD mount for Eotech EXPS at a height of 2.26".

The **Scalarworks LEAP/12** is a quick-detach mount dedicated to **Eotech EXPS** optics, offering a lightweight and robust integrated solution with an additional rail for magnification.

- **Optical compatibility:** Eotech EXPS2, EXPS3, 518, 558
- **Rail compatibility:** MIL-STD-1913 Picatinny
- **Optical axis height:** 2.26"
- **Co-witness:** None
- **Additional rail:** 50mm Picatinny included
- **Materials:** 7075-T6 Aluminum / 4140H Steel
- **Finish:** Type III Anodizing / Flash Nitride
- **Weight:** 58 g
- **Origin:** United States

Box contents

- **Media:** Scalarworks® LEAP/12™
- **Rail:** Scalarworks® 50mm Picatinny Rail
- **Screws:**
  - (4) #10-32 screw with nylon patch
- **Tools :**
  - Scalarworks® T25 Torx Bit

An integrated solution for Eotech EXPS

The **Scalarworks LEAP/12** replaces both the original mount and any external riser. It offers a lighter, more compact, and more ergonomic one-piece solution for **Eotech EXPS** optics.

EOTECH compatibility:

- EXPS2
- EXPS3
- 518
- 558

Height 2.26" for modern ergonomics

With an optical axis height of **2.26"** , this mount promotes a more upright and natural shooting position. This configuration is particularly appreciated for improving acquisition speed and comfort during dynamic use.

Magnifier ready with integrated rail

The **LEAP/12** features a **50mm Picatinny rail** for easy **magnifier** attachment. This design ensures optimal alignment with standard flip-to-side systems, without the need for additional parts.

ClickDrive Quick-Detach System

The **ClickDrive** mechanism allows for quick, tool-free assembly and disassembly, while ensuring a reliable **return to zero** . Its compact design minimizes protruding parts and improves overall handling.

Lightweight and ultra-robust construction

Machined from **7075-T6 aluminum** , the **LEAP/12** offers excellent mechanical strength. At only **58 g** , it remains significantly lighter than a conventional mount and riser combination, while maintaining optimal rigidity.

FAQ

Does this assembly replace the original Eotech assembly?

Yes, it replaces the original assembly and any riser with a more efficient integrated solution.

Can we add a magnifier?

Yes, the integrated Picatinny rail allows the addition of a compatible flip-to-side magnifier.

Does the Quick-Detach system retain the setting?

Yes, the ClickDrive system guarantees a reliable return to zero after disassembly.
