Ultra-lightweight detachable moderator for small calibers.

The **SAK SAK2i Silencer .17 HMR 1/2x20** is a **detachable sound moderator** designed for **rimfire** firearms.

- **Compatible calibers:** .17 HMR (max. bullet diameter .17/.177/4.5mm)
- **Construction:** demountable
- **Maintenance:** 32 mm wrench
- **Use:** sport shooting and leisure shooting

- **Thread:** 1/2x20 UNF
- **Weight:** 185 g
- **Length:** 146 mm
- **Diameter:** 39.5 mm

Optimized for rim percussion

The **SAK2i** was specifically developed for the **.17 HMR** caliber. It significantly reduces the sound signature, making shooting more comfortable while maintaining excellent accuracy. **A dedicated SAK2i is also available for .22LR shooting.**

Compact and ultra-lightweight format

Weighing only **185g** , this **sound moderator** is easily forgotten at the end of the barrel. Its length of **146mm** and diameter of **39.5mm** offer a good compromise between effectiveness and maneuverability, ideal for use on a lightweight rifle.

Simplified maintenance and long-lasting performance

Unlike many sealed models, the **SAK2i** is fully **disassemblable** . A simple tool (**32mm** wrench) allows for quick cleaning. This is a real advantage with the **.17 HMR** , which is known to quickly foul moderators.

Comfort and versatility

Whether for **recreational shooting** , training, or regulation, this model significantly improves acoustic comfort. It easily integrates with firearms equipped with a **1/2x20 UNF** thread, the European standard for small calibers.

Additional features

- **Type:** removable moderator
- **Use:** rimfire rifles
- **Mounting:** direct onto barrel thread

FAQ

Is this moderator suitable for .22 LR?

No, it is specifically designed for the .17 HMR.

Can it be disassembled for cleaning?

Yes, it is fully disassemblable using a 32mm key, which makes maintenance easier.

Is it suitable for hunting or recreational shooting?

Yes, it is perfectly suited to both uses thanks to its lightness, discretion and efficiency.
