TS107	Zig M1911 Match Stainless .45 ACP	BH262	B	.45 Auto (ACP)	9	12.6	22	1093	Stainless	1565.00 € incl. tax

A 1911 stainless steel rifle designed for precision sport shooting and shooting comfort.

- **Total length:** 219.46 mm
- **Barrel length:** 126.32 mm
- **Height:** 148.18 mm
- **Width:** 37.1 mm
- **Weight:** 1093 g without charger

Designed for **.45 ACP target shooting** enthusiasts, this model retains the iconic architecture of the 1911 in a modern, precision-oriented version. From the moment you pick it up, you'll experience that typical feeling of balance and control that makes full-steel platforms so successful.

Forged stainless steel construction for stability

The **forged stainless steel** frame and slide provide rigidity and durability. This technical choice also contributes to stability during firing, especially during sustained bursts of fire. The well-distributed weight helps absorb the recoil of the **.45 ACP** and provides a particularly smooth operating experience.

Precision-oriented Match configuration

The **Tisas Zig M1911 Match Stainless** features an adjustable LPA rear sight paired with a fiber optic front sight. In practice, this combination improves the speed of target acquisition while allowing for fine adjustments depending on the ammunition used or the shooting distance. This is exactly the kind of configuration appreciated on the dynamic shooting range or for precision shooting.

Single-action trigger and ergonomics 1911

The **single-action** trigger offers a crisp break with a stated pull weight of 2200 ±100 g. Combined with the rear beavertail and textured G10 grips, it promotes a consistent and comfortable hold. Even after multiple magazines, the grip remains secure and natural.

High-quality finish and functional details

The front and rear serrations facilitate slide manipulation, while the controls remain accessible without compromising overall ergonomics. The stainless steel finish gives the pistol a technical and elegant look, highly appreciated by enthusiasts of modern 1911 platforms.

- **Line of sight:** 171.87 mm
- **Loaded weight:** 1329.8 ±10 g
- **Type:** Full-size semi-automatic pistol
- **Use:** sport shooting
- **Grip:** Textured G10 pads

FAQ

What are the advantages of fiber optic sights?

The fiber optic front sight improves visibility and speeds up target acquisition, especially in variable lighting environments.
