Designed for the CZ Scorpion EVO3 and 3+

The **Strike Industries Single Side Folding Stock** was developed specifically for the **CZ Scorpion EVO3** and **CZ Scorpion 3+** platforms. Its dedicated interface allows for direct installation and seamless integration with these models.

Quick side folding

The **side-folding** mechanism is easily activated by a button located on the side. The stock folds quickly to reduce the weapon's size for transport or storage, while remaining immediately operational once deployed.

Adjustable stock length

A dedicated lever allows for quick adjustment of the **stock length** to adapt the shooting position to the user's morphology, the wearing of equipment, or the use of optics.

Ergonomics designed for shooting

The angled butt plate promotes a natural cheek rest with modern optics. The **rubber butt plate** improves comfort and provides excellent weapon stability during extended shooting sessions.

Lightweight and sturdy construction

Made from high-strength materials, this stock combines excellent rigidity with a low weight of only **345 g** . It offers a stable platform without unnecessarily adding weight to the weapon.

Integrated QD base

A discreetly integrated **QD quick attachment** on the left side allows for the mounting of a compatible strap while maintaining excellent ergonomics.
