A steel magazine for the MP5 platform

The **MAC 5 / MAC 5K / MP5 30-round magazine** combines a **heat-treated steel** body with a corrosion-resistant finish. This construction protects the magazine from wear and tear caused by repeated handling and facilitates its regular use during **sport shooting** sessions.

Feeding of 9 × 19 mm cartridges

Reinforced feed lips ensure accurate guidance of **9×19mm** cartridges. The high-tension spring provides consistent pressure for smooth ammunition feeding. The 30-round capacity reduces the frequency of reloading during a shooting session.

Compatible with MAC 5, MAC 5K and MP5

This **30-round magazine for the MP5** is advertised as compatible with the **MAC 5** , **MAC 5K** , **HK MP5** , and clones using the MP5 standard. It provides a common metal feed solution for these compatible platforms.

Acquisition conditions and regulations

This magazine is classified as **category A1** . Its acquisition and possession are prohibited in principle and are only permitted under specific exemptions provided for by regulations. Acquisition requires presentation of a valid shooting license and the corresponding firearms authorization. A maximum of 10 magazines are permitted per firearm.

FAQ - MAC 5 / MAC 5K / MP5 30-round magazine
