A 10-round capacity in a body the size of a 30-round magazine.

- **Capacity:** 10 shots
- **External dimensions:** 30-round magazine
- **Caliber:** 9 × 19 mm
- **Compatibility:** MAC 5, MAC 5K, HK MP5 and compatible MP5 clones
- **Material:** Heat-treated steel
- **Protection:** corrosion-resistant finish
- **Feeding lips:** reinforced
- **Spring:** high tension

A capacity of 10 shots in long format

The **MAC 5 / MAC 5K / MP5 10-round magazine** retains the external dimensions of the 30-round model. This elongated body maintains a familiar grip during handling, with a capacity limited to ten **9×19mm** cartridges.

Construction made of heat-treated steel

The **heat-treated steel** body has a corrosion-resistant finish. Reinforced feed lips ensure accurate cartridge guidance, while the high-tension spring maintains their upward thrust in the magazine. This combination promotes smooth and consistent feeding during **shooting sessions.**

Compatibility with MP5 platforms

This **10-round MP5 magazine** is advertised as compatible with the **MAC 5** , **MAC 5K** , **HK MP5** , and clones that use the MP5 standard. It allows for the use of a reduced capacity without sacrificing the characteristic external format of the long magazine.

Acquisition conditions and regulations

This magazine is classified as **category B.** Its purchase is subject to prior authorization from the prefecture. The purchaser must present, in particular, proof of identity, a valid shooting license, and a valid prefectural authorization available in the SIA (French Firearms Information System). A shooting license alone does not authorize its purchase. Carrying it is prohibited, except with exceptional authorization. Transporting it requires a legitimate reason related to sporting activity. It must be stored in a safe, gun cabinet, or secure room.

FAQ - MAC 5 / MAC 5K / MP5 10-round magazine
