### Special light cones road signs

The traffic light cone, proposed by Ledwave, is intended for a large public of law enforcement agencies, municipal policemen, first-aid workers, firefighters.

It is also possible to put it in the empty pocket of your car to complete a signaling kit in case of accident. Very practical, this luminous cone of signaling is positioned on the head of your lamp and thus makes it possible to use it like light stick.

Compatible lamp LC99455.
